

COMP-O-FLEX®

For Wean-To-Finish and finishers...

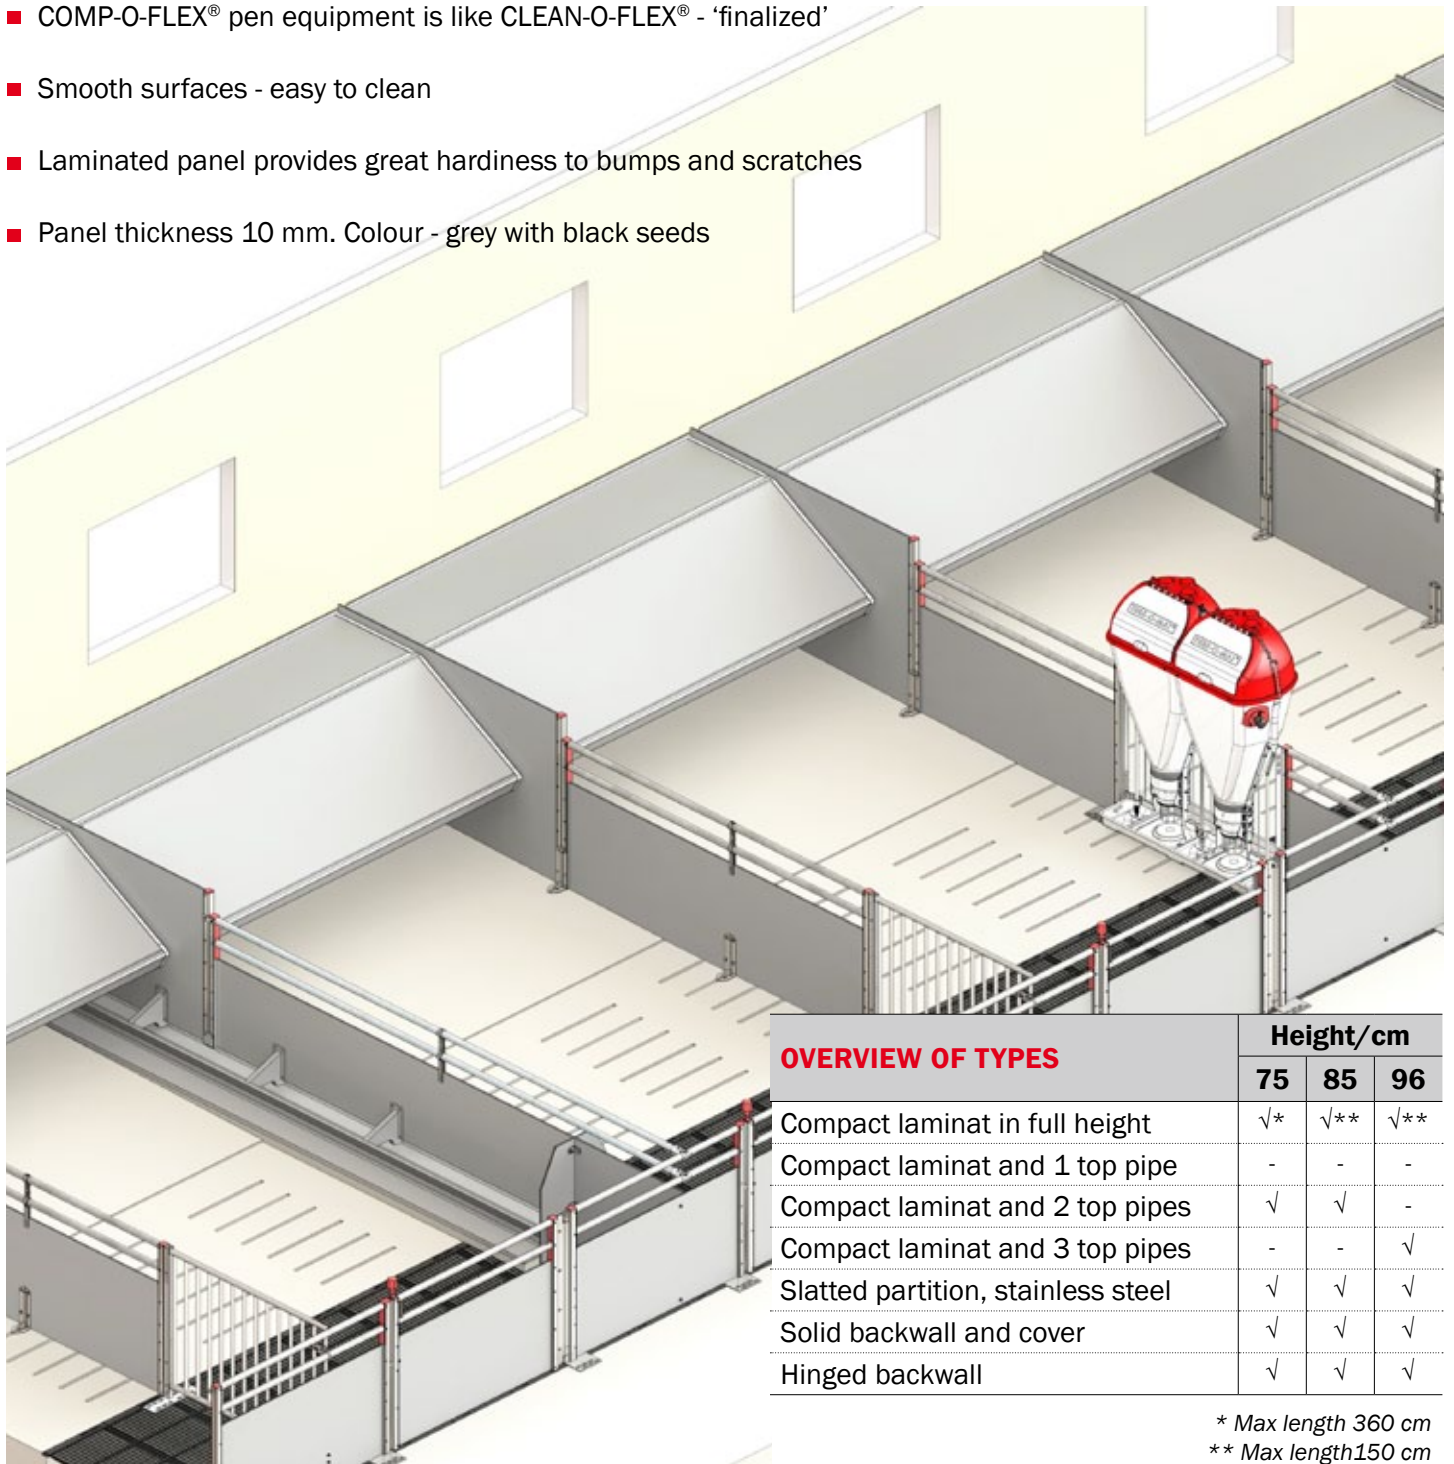

- The essence of this is a 10 mm thick massive laminated panels instead of PVC board profiles
- U-profiles in stainless steel; plugs and covers in plastic
- In every way a complete system, where everything is finalized
- No cavities, only smooth surfaces, lasting quality
- Fits into Egebjerg's well-known modular system with U-profiles in stainless steel

COMP-O-FLEX®

Made of massive laminated panels - especially suitable for WTF and finishers.....

- COMP-O-FLEX® pen equipment is like CLEAN-O-FLEX® - 'finalized'
- Smooth surfaces - easy to clean
- Laminated panel provides great hardness to bumps and scratches
- Panel thickness 10 mm. Colour - grey with black seeds

OVERVIEW OF TYPES

	Height/cm		
	75	85	96
Compact laminat in full height	√*	√**	√**
Compact laminat and 1 top pipe	-	-	-
Compact laminat and 2 top pipes	√	√	-
Compact laminat and 3 top pipes	-	-	√
Slatted partition, stainless steel	√	√	√
Solid backwall and cover	√	√	√
Hinged backwall	√	√	√

* Max length 360 cm

** Max length 150 cm
